Activity 2 Theory of Change

Describe the problem you are trying to address. What do you know about it?

What do you think will work? How are you going to address the problem?

What change will come about as a result of your work?

PROBLEM	STRATEGY	OUTCOME
Describe the problem your organization was created to address. What do you know about it?	What is your hypothesis? What will you accomplish and how?	What change will come about as a result of your work?
